

PLUMBING

CLEAN WATER. PURE WATER. EVERY TIME.

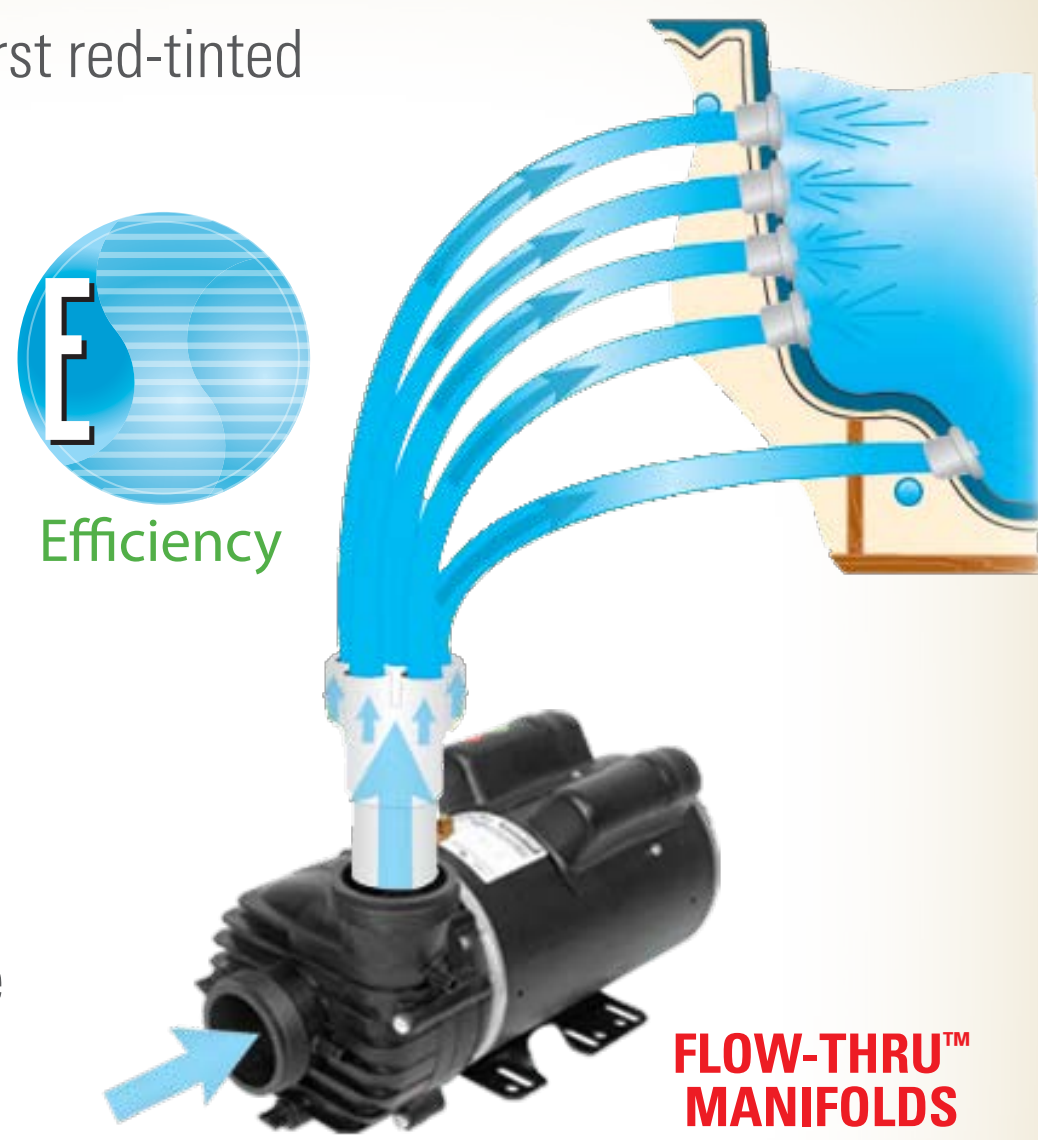

1 HYDRAULICS

DESIGNER JETS

- Available with the World's first red-tinted stainless steel jets

POSITIVE PRESSURE SYSTEM

- Engineered to evenly distribute water flow to all jets
- Provides "instant on" performance—100% flow at the touch of a button
- Custom-made Flow-Thru™ Manifolds reduce turbulence and improve water delivery to all jets

INNOVATIVE VACUUM BREAK SYSTEM

- Relief vacuum valve eliminates the risk of entrapment by immediately restricting water flow if a drain becomes obstructed

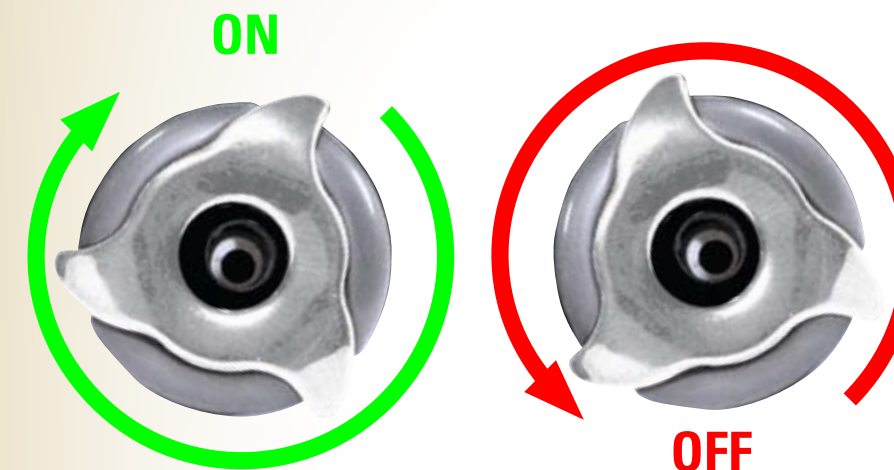

TRIPLE-LOCK SYSTEM

- Creates the World's Strongest Seal for locking in air and water lines

2 PERFORMANCE

INDIVIDUAL ON/OFF FLOW CONTROL

- Provides precise pressure flow for the perfect massage
- Directional controls target specific stress points

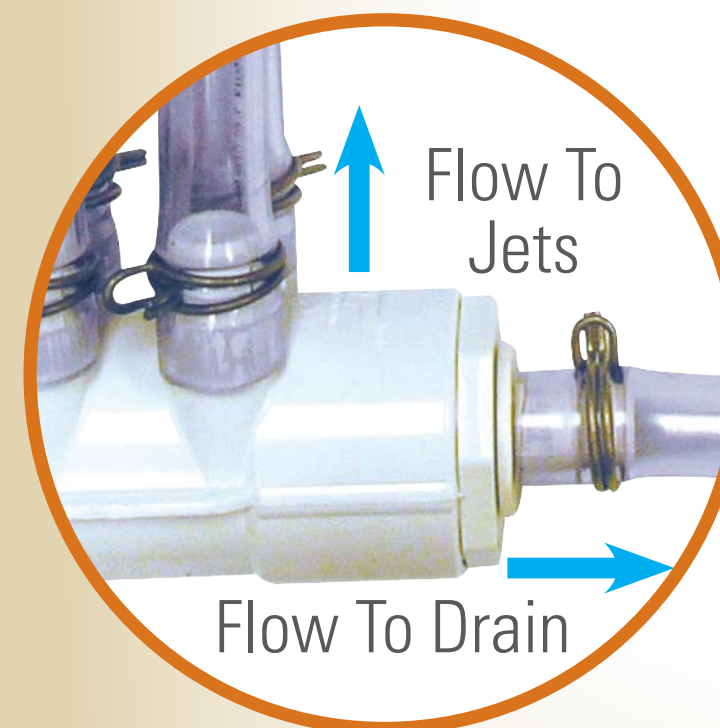

Sanitation

CLEAR-HYDRO™ OZONATOR

- Quickly purifies water using active ozone bubbles from a Corona Discharge cell

CLEAR-HYDRO™ OZONATOR

STOR-DRY™ WINTERIZATION

STOR-DRY™ WINTERIZATION

- All lines are plumbed to the drain valve to enable full water drainage and to protect spa from freezing during times of non-use; no dead ends!

3 100% FILTRATION

PURE FLOW™ FILTRATION

- Easy access, reusable filters provide balanced filtration and are easy to maintain
- Microban inhibitors prevent bacteria growth
- The floating skimmer gate pulls water from both bottom suction and skimmer to provide 100% filtration

Sanitation

PURE FLOW™ FILTER WITH MICROBAN INHIBITORS

ECO 24-7™ FILTRATION SOLUTION

ECO 24-7™ FILTRATION SOLUTION

- Whisper-quiet pump that circulates water through the filter keeping it clear at all times

Efficiency

4 THERAPY

BEST JET PERFORMANCE

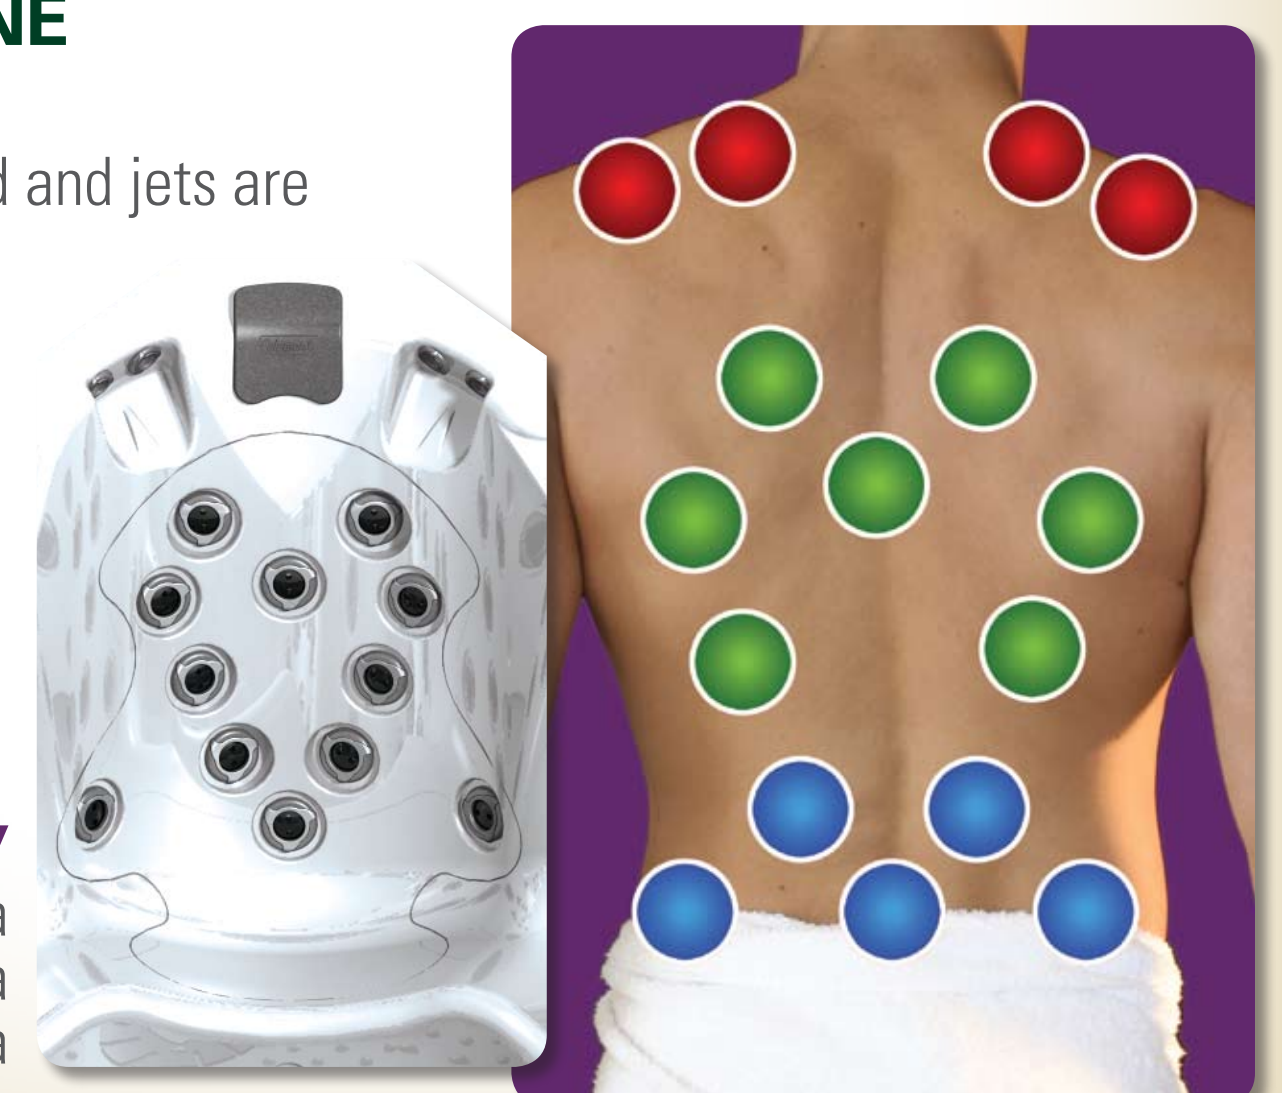

- We focus on the performance of each spa—not just a simple jet count
- Several jet types are available; when combined with optimal spa seating areas, each is designed to address a specific muscle group

TARGETED TONE THERAPY

- Seats are contoured and jets are placed along the lines of the body for maximum therapy
